

# Work Platforms - Raised Height

Contact Stabmate Access Platforms offer the ideal solution to your needs when elevation is needed during un-scheduled emergency situations such as building repair, checking high level racking, light bulb changing etc

This range of platforms have a raised height to give extended lift for accessing high racking, roof lights, buzz bars etc when truck height is limited

A superior range of platforms produced to a high specification

Model Ref	No of People	Method of Entry
WP-SP-R-500   *WP-SP-R-1000	1	Lift up bar
WP-SPG-R-500   *WP-SPG-R-1000	1	Front gate
WP-STD-R-500   *WP-STD-R-1000	2	Step through bars
WP-GATED-R-500   *WP-GATED-R-1000	2	Side gate

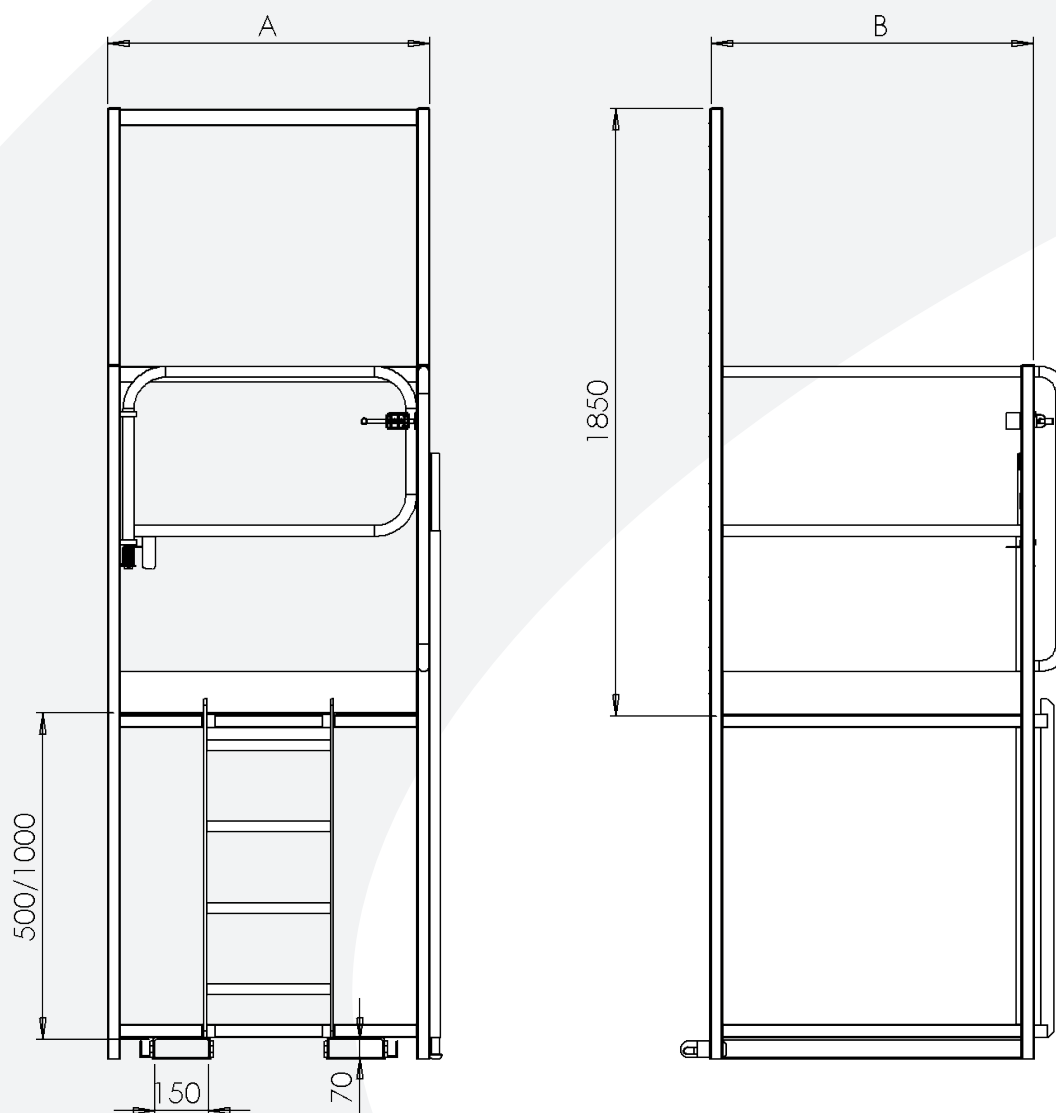

\* Includes external ladder

## Features & Benefits

- Base of platform raised to give extended lift height for when fork truck mast height is limited
- Security locking system to fork heels ensure the work platform is safely secured to the lift truck
- Full length fork pockets to provide complete platform stability
- Harness anchorage points and in-board handhold points for operator safety
- Perforated back mesh ensures a barrier between the operator and hazardous areas of the lift truck
- Anti slip floor tread with drain holes to avoid accumulation of water and risk of slipping
- Kick rail to all sides prohibits items left on the floor of the platform from falling out
- Complies with Guidance Note PM28 (Fourth edition)

# Work Platforms - Raised Height

## Platform Dimensions

Model Ref	A (mm)	B (mm)	Raised Height (mm)	Max Fork Size (mm)	Capacity (kg)	Weight (kg)
WP-SP-R-500   WP-SP-R-1000	800	800	500   1000	140 x 60	300	111   120
WP-SPG-R-500   WP-SPG-R-1000	1000	1000	500   1000	140 x 60	300	136   145
WP-STD-R-500   WP-STD-R-1000	1000	1220	500   1000	140 x 60	500	145   154
WP-GATED-R-500   WP-GATED-R-1000	1000	1220	500   1000	140 x 60	500	151   160

## Enhance your platform with the following

Tool Tray

Keep tools safe and secure whilst working at height

Strip Light Bulb Holder

Store long and awkward light bulbs safely

Safety Harness

Secure personnel safely inside the platform

Castors

For easy manoeuvrability when forklift not in use (adds 130mm to overall height)

Overhead Guard

Protect personnel within the platform from overhead hazards

Inspection Kit

A program of visual checks to ensure platform is in full working order
